

# Maintenance Tips

Maintaining your LifeGlider is important for ensuring safety and optimal performance. Regular checks and maintenance can help you avoid potential issues and prolong the life of your device. Below are the essential maintenance tips to keep your LifeGlider in top condition.

**Check Brake Operation.** Test and adjust if required by following the instructions provided here: <https://photos.app.gpp.gl/Cei5rtVUPKefQ2cv7>

## Check Opening & Closing Mechanism.

Verify that the opening and closing mechanism is secure when the LifeGlider is both open and closed.

## Check Belt.

Inspect the belt for any signs of wear or damage. Replace if necessary.

## Check Pins.

Ensure all pins are secure and properly fastened.

## Check Wheel Bolts.

Tighten all wheel bolts using the Allen key that came with your unit.
